### **Client Agreement & Acknowledgment**

### **Client Responsibilities & Policies**

Trial Recommendation: If this is your first spray tan or you are tanning for a special occasion (wedding, prom, photoshoot, etc.), we strongly recommend booking a trial session at least 2 weeks in advance to ensure satisfaction. I understand that if I opt out of doing a trial run, client assume responsibility for the outcome of the tan.

Pregnancy & Nursing: Pregnant or nursing clients should consult their physician before making an appointment. While spray tanning is generally safe with protective measures, your healthcare provider may have specific recommendations based on your pregnancy.

Skin Conditions & Reactions: Spray tanning over sunburned or peeling skin may cause uneven results. Clients assume responsibility for any reactions due to recent sun exposure, laser treatments, or chemical peels.

No SPF Protection: Spray tan solutions do not contain sunscreen. You should still apply SPF to protect your skin from UV exposure.
